

Learning to Lead:

Developing your leadership potential

Scan to REGISTER!

A true leader has the confidence to stand alone, the courage to make tough decisions, and the compassion to listen to the needs of others. He does not set out to be a leader, but becomes one by the equality of his actions and the integrity of his intent.

-Douglas MacArthur

Our 1-day seminar will explore qualities of being a strong leader and will include topics of:

Conceptualization

Conceptualization of future organizational growth

Professionalism

Professionalism and the importance of positive interactions

Communication

Effective communication and self-awareness in practice

DiSC

DiSC® is a personal assessment tool used by more than one million people every year to help improve teamwork, communication, and productivity in the workplace.

About

As the need for healthcare professionals continues to grow, so will the need for exceptional healthcare leaders. If you are interested in being part of advancing a team, please join us for a leadership seminar designed for students in health professions looking to enhance their soft skills and discover their leadership potential. Attendees will complete and DiSC Assessment and learn how to work well with an interprofessional team to improve the quality of patient care!
